

BAUHAUS INDUSTRIAL TREND

The industrial trend is also still in demand and is brought to the walls by high-gloss metallic surface patterns in copper, rose gold, gold, silver, anthracite, blue and dove.

The golden touches to the blue-black wall-covering bring elegance and luxury to adorn your walls. No matter whether you choose deep colours or creamy, natural tones – with the shiny, metallic patterns, the geometical wallpaper is always an eye-catcher. Transform an ordinary room into a warm and welcoming space.
